Piemonte Bianco “4 Bucce”

Varietal: Cortese, Chardonnay, Sauvignon and Timorasso

Appellation: Piemonte DOCG

Acidity: g/l

Alcohol %: 14

Sugar: g/l

Production: cs

Soil:

The Piemonte DOC Bianco 4 Bucce is a unique wine crafted from a blend of four grape varieties: Cortese, Chardonnay, Sauvignon, and Timorasso, combining native Piedmontese varieties with international ones. The grapes, harvested at different times in September, are vinified at a controlled temperature. Cortese contributes freshness, Chardonnay brings notes of exotic fruit, while Timorasso and Sauvignon add complexity and minerality to the blend.

Tasting Notes: Wine features: An intense straw yellow color, with deep and persistent aromas of floral and fruity notes, enriched by mineral tones and hints of flint on the palate. Elegant and versatile.

Aging: Stainless steel tanks to preserve freshness.

Food Pairing: It pairs beautifully with seafood dishes, shellfish, fresh cheeses, light risottos, and white meat dishes. It also makes an excellent choice as an aperitif.
